4. FIRST AID MEASURES

Eye contact
Immediately flush eyes with plenty of cool water for at least 15 minutes. Get medical attention if irritation occurs.

Skin contact
Wash the affected body parts with soap and warm water.
Note: Hot melted wax can cause serious burns.

Inhalation
If inhaled, removed to fresh air. Get medical attention if symptoms appear. Over-heated wax can produce fumes which may be an irritant when inhaled.
Ingestion
Seek medical attention or contact local poison control center.

5. FIRE FIGHTING MEASURES

Suitable extinguishing media

Unsuitable extinguishing media
Direct water steam.

Special protective equipment and precautions for fire-fighters
Only suitably trained personnel should attempt to tackle fires. Use standard firefighting procedures when extinguishing fat or oil fires.

Special hazards arising from the substance or its combustible products
Potential flammable hazard when wax vapors are exposed to heat or flame. During a fire carbon monoxide and carbon dioxide gases may be generated by thermal decomposition or combustion.

Resulting gases
Carbon monoxide, carbon dioxide and irritating fumes.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures.
Take precautionary measures to avoid slippery surfaces caused by spills, use sand or comparable material for traction where needed.

Environmental precautions
Confine spill with sand or other adsorbent inert media. Do not allow the product to enter public drainage system or open water courses.

Methods and materials for containment and cleaning up
Use sand or active clay to absorb molten product or allow to set before removal. Scrape up spilled substance and remove to containers for disposal in accordance with governmental regulations. Clean area with detergent and hot water.

7. HANDLING AND STORAGE

Precautions for safe handling
If handling containers of hot wax, insulated neoprene gloves, aprons and boots, face shields or other personal protective equipment may be required. Wash hands after working with the material. Do not wear contaminated clothing.

Conditions for safe storage, including any incompatibilities
Keep containers tightly closed and stored in a cool dry area out of direct exposure to heat and sunlight.

8. EXPOSURE CONTROLS AND PERSONAL PROTECTION

Eyes
Safety glasses with side protection or better may be required.

Skin
No special precaution is needed beyond clean working conditions and safe handling practices. Insulated neoprene, PVC or nitrile gloves, aprons and boots.

Respiratory
Inhalation of the vapor, fumes or mists should be avoided by safe working practices and good ventilation. If exposed to hot oil mist, an appropriate respirator for organic vapors may be required.

10. STABILITY AND REACTIVITY

Reactivity
This material presents no significant reactivity hazard.

Chemical stability
Chemically stable.

Possibility of hazardous reactions
No specific hazardous reactions expected.

Conditions to avoid
Heat sources.

Incompatible materials
Strong alkali and oxidants.

Hazardous decomposition products
Carbon oxides and fumes.

11. TOXICOLOGICAL INFORMATION

Acute toxicity
Not available.

Chronic toxicity
No known chronic health hazards. Vegetable waxes are generally regarded as non-toxic, relatively harmless and not irritating under normal usage.

Inhalation
Inhalation of high concentrations of vapor may result in irritation of eyes, nose and throat, headache, nausea, and dizziness.

Skin contact
Hot molten product may cause thermal burns.

Eye contact
Unlikely to cause eye irritation. Hot molten product may cause thermal burns and severe corneal damage.

Skin corrosion
Hot molten product may cause thermal burns.

12. ECOLOGICAL INFORMATION

Ecotoxicity
Avoid any pollution of ground, surface or underground water.

Persistence and degradability
Not available.
Bio - accumulative potential
Not available.
Mobility in soil
Not available.
Other adverse effects
Not available.

13. DISPOSAL CONSIDERATION
Dispose of product in accordance with local, state or provincial and federal regulations. Check with local municipal authority to ensure compliance.
